**Subject:** Proposition 84 Sustainable Communities Planning Grant and Incentives Program Guidelines

Dear Department of Conservation Staff,

VTa, as the Congestion Management Agency and transit agency for Santa Clara County, would like to submit comments on the Guidelines for the Proposition 84 Sustainable Communities Planning Grant and Incentives Program. We suggest that you add to eligible applicants: countywide transportation planning agencies and transit agencies. These agencies are responsible for many of the planning initiatives this program is supporting, such as bicycle and pedestrian master plans and mobility (transportation) plans. By adding these agencies to the list of eligible applicants, the program could encourage a better representation of agencies responsible for transportation planning.

Thank you for considering our comments. If you have any questions please feel free to contact me.
